**Project Applicant:** U.S Army Corps of Engineers San Francisco District – John Dingler

**Applicant's Agent:** Self-Representing

**Project Name:** Moss Landing Jetty Repair Project

**Receiving Water:** Moss Landing Harbor Exchange Channel, Elkhorn Slough, Monterey Bay

**City/County:** Moss Landing / Monterey

**Public Notice:** February 22, 2022 – March 15, 2022

### **Project Description:**

The purpose of the proposed project is to prevent further deterioration and possible failure of two jetties.

The proposed project activities include:

- Placing an estimated 11,250 tons of armor stone along the north and south jetties;
- Side casting of up to 8,400 cubic yards and 16,300 cubic yards of sediment along the north and south jetties;
- Placing gravel on top of the north and south jetties to allow land-based access for construction vehicles;

No mitigation planned.
